Signature_____

PDR0079 - 3D Guide Pins are installed in AUD0010 Pitch Fork for increased longevity. \$5.99

PDR0068 - 50-size 2pc. reversible muffler, works great for OS 50SX, Tiger, Raptor, & Sceadu. \$19.99

PDR0056 - Fuel Filter (2) Clear body makes it easy to see the crud. \$5.99

PDR0016 - Hopper Tank, 2 oz. with bracket, reduces air bubbles. \$14.99

PDR0003 - Shutoff & Plug (2) Shutoff to engine side, plug to fill port. \$6.99

PDR0051 - Pitch Gauge with a ±15° range for setting pitch. \$24.99

PDR0053 - ProMuffler, for OS Max 50SX Hyper; works great for Tiger, Raptor, & Sceadu. 74.99

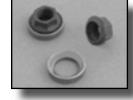

PDR0004 - Fuel T-Filter (2) Fueling port plus clear body makes it easy to see the crud. \$7.99

PDR0061 - 3D Hopper Tank 3 oz. with mounting tabs, reduces air bubbles, draws in all attitudes. \$17.99

PDR0011 - Filter Support bracket for securing filter to frame. \$5.99

PDR0090 - Equalizing Nut, 1/4-28 is perfect for clutch hub. \$4.99

PDR0071 - 3D Dampers Polyurethane, increase rigidity, improves cyclic performance. \$19.99

PDR0057 - 3D Paddles for increase in cyclic rates (2 position). \$7.99

PDR 0065 - LSD (Limited Slip Drive), drives the T/R blades so the model may be steered during engine off autorotations. \$19.99

PDR0069 - 3D Swashball **Extension, extends Bell** input ball for increased cyclic rates. \$9.99

PDR0009x - Skid Stops x = B, Y, or P (Pink,Yellow, Black). \$11.99

PDR0062 - Exhaust Deflector 35° - helps keep model cleaner, thick wall. \$7.99

PDR0066 - 3D Flybar (2) 3mm x 390 mm, black oxide. \$8.99

PDR0002 - 3D Tail Bridge, zip tie to the boom braces for increased triangulated support during aggressive maneuvers. \$9.99

AUD0004-3 - 3D Washout Base, is a higher precion unit supporting negative and positive delta. \$9.99

PDR0082 - AL Mixing Arms, supplied without bearings. \$29.99

PDR0083 - AL Seesaw Arms, supplied without

Arms, supplied without bearings. \$29.99

AUD1518 Tail Boom, 22mm, aluminum, black anodized. \$9.99

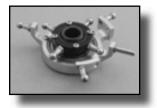

AUD0016 - Spindle Shaft 5mm, stainless. \$6.99

AUD0015 - STD Flybar (2) 3mm x 540 mm, black oxide. \$8.99

AUD1004 - Tail Output Shaft 5mm, stainless. \$6.99

PDR0081 - 3D Swashplate features 120° and 140° mixing, aluminum \$69.99

PDR0070 - Aluminum Tail CNC machined, ultra high precision, black anodized, silky smooth. \$99.99

PDR0077 - 3D Fin Set skeletonized Carbon Fiber fins, less weight. \$29.99

PDR0076 - Aluminum Fan CNC precision balance, cooler running. \$29.99

AUD0016-6 - Spindle Shaft 6mm, stainless. \$9.99

AUD1519 - Main Blades 600mm, wood, white heat shrink. \$29.99

AUD0003 - Main Shaft 10mm, black oxide, light & strong hollow design \$9.99

AUD0537 - Clutch Hub LONG eliminates prop drive washer on OS 50SX & Hyper. \$34.99

AUD0016K - 3D Grip/ Spindle kit. Larger 6mm radial & thrust bearings, urethane dampers, grips and spindle shaft. \$59.99

AUD0042K - 3D TR Grip kit. Longer than stock steel hub, one-piece 3D grips, balls, plus both thrust and radial bearings. \$39.99

AUD0055 - Seesaw Arms (Bell-Hiller mixers), high fiber plastic, black. \$14.99

AUD0033 - Landing Gear Strut (2), increased fiber content, high strength plastic, black. \$11.99
